Electric Vehicle and Infrastructure Meeting

EVIM Central Europe - 2016

October 19-21, 2016 Warsaw, Poland

**EVIM Central Europe – 2016** is a part of the **Electric Vehicle and Infrastructure Meeting** [www.evim.greenclinicglobal.com](http://www.evim.greenclinicglobal.com), an international platform bringing together e-mobility, renewable energy and sustainable infrastructure in the number of the most fast-developing and emerging EV locations of the world, this year is taking place in Warsaw, Poland, to share the experience, promote progressive technologies and the best practices, develop new common vision and policies.

The dates from the [19th to 21st of October 2016](#) will be fulfilled by exciting speeches, discussions and professional communication, two exhibitions connected to e-mobility (EVIM Exhibition) and renewable energy (Renexpo-Poland exhibition), amazing live art project, startups presentations, scientific program with external visits to KEZO (brand new research center on renewable energy sources and energy conversion by Polish Academy of Science), and an experience exchange youth program with traditional honor speeches of participants and guests of EVIM on the main educational institutions of hosting city.

View our keynote speakers [here](#)

The moderators of EVIM CE 2016 will be Adam Hłond (Poland) and Denis Radiuk (Estonia and Ukraine).

The moderators of the panel discussion sessions are Andreas-Michael Reinhardt (Germany) and Martin Messer (Denmark), Marcin Mizgalski (Poland) and Denis Radiuk.

**So, wherever you are, reserve the dates, register, come and join the changes!**
